-or-

Hover over the below QR code with your camera & follow the instructions provided

IN EXTREME HEAT WARNING

Find air conditioning

Avoid strenuous activities

Watch for heat related illnesses

Wear light clothing

Be a good relative.

Check on elders, family, and neighbors

Drink plenty of fluids

NEVER leave people or pets in the car

PREPARING FOR EXTREME HEAT

Find places in the community where you can go to get cool.

-Emergency Management will notify via Alert Sense when cooling shelters (district centers) open in times of extreme heat.

Try to keep your home cool

- cover windows with drapes or shades
- weather-strip doors and windows
- install window air conditioners and insulate around them

Learn to recognize the signs of heat illness and ways to treat:

- Heat cramps
- Heat exhaustion
- Heat stroke

BEAT the HEAT
CHECK THE BACKSEAT!
