Other Considerations:

Beneficence

- ◆ **LRRB**—Abbreviation for the SWO IRB, the Local Research Review Board.
- ◆ **Tip:** Apply at least 2 months prior to your deadlines, as our reviewer checklist criteria is beyond that of regular IRB's & reviews may take more time. (see Pre-approval of Publications/Presentations point)
- ◆ **Tip:** The SWO does not conduct Exempt Reviews, rather it offers Expedited Reviews for Non-Human Subject Research & minimal to no-risk Human Subject Research. Expedited reviews are conducted independent of the LRRB meetings schedule.
- ◆ **Pre-approval Requests for Publications/Presentations** — Reviews are conducted to mitigate undue risks or harms to individuals, community, or resources; prevent misrepresentation of language, culture, and traditions; & avoid deviation from original intent of approved protocol.
- ◆ **SWO Ownership of Data:** SWO welcomes researchers as partners in contributing to generalizable knowledge. PI's are allowed access to study, per LRRB approved protocols, our unique data sources. Researchers reach their professional goals while providing to the SWO the service of SWO data collection and analysis.
